

# WHAT IS VYPER?

VYPER - Visionary Youth Peers for Equity & Revitalization is a youth-governed group of young indigenous people who come from a range of backgrounds. Some grew up immersed in culture, some are from the millennial scoop, (foster system) and some are just now learning their history and traditions. We run several projects across BC, with most of them located in the Fraser Valley & Vancouver Coast. Some projects include,

- Annual "reclaiming youth" pow wow, located at the former St. Mary's residential school
- Civil Radio VYPER podcast. (Identity & reconnection)
- Indian Residential School Survivor Youth Groups
- "Rainbow Ribbon Project", (ribbon skirts, shirts and regalia for those who are from the foster system or do not have access to these traditional items).

Check out our Facebook for more information!
